

Why Run Community Assemblies?

Image for Community type unknown

Thanks to **The Big One**, many of our supporter organisations signed up to a **demand for citizens' assemblies** for the first time ever.

We did our shouting outside Parliament. We handed in green cards to speak to our MPs. We pressurised them online via our Digital Rebellion.

It's now time to bring deliberative democracy into our communities!

By organising **local Community Assemblies**, we can...

... **Grow our local networks** by continuing to build local alliances and do outreach;

... **Keep up the pressure** on local politicians;

... **Spread the word about deliberative democracy** and empower people in the process;

... **Start a local campaign or project** in collaboration with other groups.

Would like to hear some sheer inspiration from Jamie Kelsey Fry, talking about upgrading democracy through deliberation at The Big One? Enjoy...
