With thanks to Suffolk, whose MP is Therese Coffey, but you can insert your own/relevant MP surname/water authority/organisation...

### To the tune of 'My Bonnie Lies Over the Ocean'

(soundcloud link [here](#))

The sewage flows into the river,  
The sewage flows into the sea  
The sewage flows into the [Deben] [insert own river name here, or just use word 'ocean']  
And the blame lies with Therese Covey

Bring back, bring back, oh bring back clean rivers and seas and seas,  
Bring back, bring back, oh bring back clean rivers and seas.

The runoffs as bad as the sewage,  
With pesticides killing off bees.  
They kill off aquatic invertebrates,  
And the blame lies with Therese Coffey.

Bring back, bring back, oh bring back clean rivers and seas and seas,  
Bring back, bring back, oh bring back clean rivers and seas.

### To the tune of 'Hi Ho Silver Lining'

(soundcloud link [here](#))

By the rivers all around the country  
You should hold your breath  
If you ever dare try to swim there  
You are risking death  
In the streams that feed the rivers  
You can count the turds  
As our sewage is no longer filtered  
While MPs ignore our words

Chorus:

And at high tide I feel like crying  
As all around our coast  
We see aquatic life is dead & dying  
And so we make this fuss  
Because it's obvious

The Tories voted for pollution  
In a solid block  
But come the next election  
They could get a shock  
Coffey, Hunt & Poulter,  
Churchill, Aldous too (Insert own MPs here)  
Suffolks Conservative MPs,  
All voted for more poo!

Chorus:

And at high tide I feel like crying  
As all around our coast  
We see the scummy crud & crap a-rising  
And so we make this fuss  
Because it's obvious

Repeat 1st Chorus

Chords for guitars/ukes:

Intro: G G

Verses: G G C C F C G D x 2

Chorus: G G7 C D G G7 C DC G G

## **We Need to Build a Better Future**

YouTube version [here](#)

[And here's Belgium singing it!](#)

We need to build a better future  
We need to wake up  
We need to wise up  
We need to open our eyes  
And do it now, now, now!  
We need to build a better future  
And we need to start right now

We're on a planet  
That has a problem We've got to solve it, get involved  
And do it now, now, now!

We need to build a better future  
And we need to start right now

Make it greener  
Make it cleaner  
Make it last, make it fast  
And do it now, now, now!  
We need to build a better future  
And we need to start right now

No point in waiting  
Or hesitating  
We must get wise, take no more lies  
And do it now, now, now!  
We need to build a better future  
And we need to start right now.
