

Rebel Ringing

Rebel Ringing is phone based outreach for Extinction Rebellion and enables meaningful one-to-one conversations with rebels: no cold-calling! It allows us to inform and engage a selection of rebels on a subject of our choice and at scale is a hugely powerful tool.

A Rebel Ringing call could mean:

- inviting rebels to an upcoming talk, training or action in their area
- a more general check-in about XR and their engagement with it
- specific mobilisation towards the next big rebellion

A call from a friendly person is a powerful engagement tool. We need **YOU** to help us!

☎ Rebel Ringing is fun and accessible, it takes only a couple of hours a week but can have an incredible impact. Training and scripts will be provided, and no cold-calling is involved.

We host friendly weekly calling sessions where you can also get trained up, or make calls at any other convenient time. Join our [Telegram broadcast channel](#) to find details of the sessions. Local Groups can request their own dedicated campaign to call local rebels.

✉ With specific questions on Rebel Ringing, email rebelringers@rebellion.earth or to find out more you can read the gorgeous [Rebel Ringers Handbook!](#)

Love and Courage,

The Rebel Ringers
