

How you can get involved

Extinction Rebellion is made of people from various backgrounds, ethnicities, communities and identities. **Here are some different ways of connecting with people within the UK:**

- Take part in actions

See our events calendar for details of coming actions on [our XR events page](#)

- Get involved in your community

Connect with other people in your area by joining a **Local Group**. Find the closest one to you [on our interactive map linked here](#)

Connect with communities of shared self-identity (e.g. faith, occupation) by joining a **Community Group**: [Community Groups' list and contacts on our website](#)

- Help organise our movement

Organise with us at a regional, national or UK level. Apply for available roles or set up an online CV. Contribute your skills to help drive our movement via our [XR Volunteer Website](#)

- Support us in another way

Consider donating. You can learn more here at extinctionrebellion.uk/donate

Ask your MP to support the [Climate and Ecology Bill](#) (external link)

We are a global movement

You can connect with rebels around the world by visiting the XR [Global Website](#)
